Nowhere Boy

*Running time: 98 Minutes

Nowhere Boy is a riveting portrait of John Lennon's late teen years in Liverpool. Based on a memoir by Lennon's half-sister Julia Baird, first-time director Sam Taylor Wood focuses less on Lennon's first steps toward stardom than his first steps toward emotional maturity.

Newcomer Aaron Johnson (Kick-Ass, The Greatest) plays Lennon as an angry and rebellious young man desperate for approval and convinced of his own genius. Living with his aunt Mimi (Kirstin Scott Thomas, I've Loved You So Long) and her husband George, he longs for escape. When George dies suddenly, Len-

non spots his mother, Julia (Anne Marie-Duff, The Last Station) at the funeral. For reasons only revealed later, Julia had handed him over to Mimi when he was five years old and never visited him again. Thus begins a tug-of-war between the free-spirited, fragile Julia and the stern, uptight Mimi.

As Lennon bounces between the two women, the lure of rock n' roll becomes his only outlet. He is soon introduced to guitar-playing schoolmates Paul (Thomas Brodie, Sangster, Bright Star) and George (newcomer Sam Bell) and starts a band called the Quarrymen. But this is essentially context for the film's central drama - the emotional love triangle between him, his mother and his aunt.
